Dear Commission Members:

In service to the citizens of the USA, it is imperative that you release Mr. Louis De Joy from serving as US Postmaster General. He is a destructive force to the postal service, which has been an advantageous government agency, one for which most citizens are grateful.

He must go ASAP so that his destructive and crippling policies can be reversed and the service for which we are so appreciative can be restored to the pre-De Joy reign.

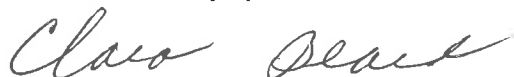

We need the USPS to survive and flourish and his administrating policies and rules have almost destroyed this cherished institution.

Please answer this critical request and make this happen as soon as possible. We need to preserve the USPS to its previous status and stature.

Thank you so much for your help in this matter,

Clara Beard
